Explanatory Notes

- (1) For the purpose of Section III(1), the age of a scheme member refers to the age of the member attained at his/her last birthday falling on or before the end of the reported Financial Period of the Scheme.
- (2) “Scheme members” in Section III(1) refer to the persons who were members of the Scheme (in the capacity of employees of an employer participating in the scheme of the relevant trustee, SEPs, personal account holders, special voluntary contribution account holders and/or TVC account holders) as at the last day of the Financial Period of the Scheme. If a contribution account holder was participating in the Scheme in more than one capacity (e.g. he/she was an employee of an employer participating in the scheme of the relevant trustee and was also an SEP with the same MPF scheme), he/she would still be regarded as “one” member in the Scheme for the purpose of Section III(1). If a member concurrently holds a contribution account, a personal account, a special voluntary contribution account and/or a TVC account under the same MPF scheme, the member should be reported under all relevant categories under Section III(1).
- (3) “Special voluntary contributions” refer to voluntary contributions paid directly by a scheme member to an approved trustee. Unlike normal voluntary contributions, these contributions are non-employment related, i.e. contributions do not go through the employer of the employee, and withdrawal of accrued benefits is neither tied to employment nor subject to preservation requirements.
- (4) “TVC account” is an account in the Scheme opened by a person under section 11A of the Mandatory Provident Fund Schemes Ordinance and into which tax deductible voluntary contributions (TVC) are paid and in which the member’s benefits derived from those TVC and the TVC transferred to the account from another TVC account are held.
- (5) Upon attaining the retirement age, a scheme member may retain his/her accrued benefits in the Scheme. These accrued benefits are treated as retained benefits. Retained benefits should cover all accrued benefits in respect of the scheme members concerned, derived from mandatory contributions, voluntary contributions and TVC.
