

# Corporate Governance

MPFA contributes to the sustainable development of the second and third pillars of the retirement protection system in Hong Kong by regulating, supervising and improving the MPF System. In fulfilling this role, we are committed to upholding high standards of corporate governance to promote fairness and ethical conduct, ensure accountability and transparency in our operations, and optimize our resources to achieve our corporate objectives. We also strive to enhance the governance standards of our regulatees in the best interests of MPF scheme members.
