

MANDATORY PROVIDENT FUND SCHEMES AUTHORITY

II.8 Guidelines on Monthly Statistical Returns of Registered Schemes

INTRODUCTION

Section 6H(1) of the Mandatory Provident Fund Schemes Ordinance (“the Ordinance”) provides that the Mandatory Provident Fund Schemes Authority (“the Authority”) may issue guidelines for the guidance of approved trustees, service providers, participating employers and their employees, self-employed persons, regulated persons and other persons concerned with the Ordinance.

2. Section 6H(3) of the Ordinance provides that a guideline may require persons (including persons belonging to a class) specified in the guideline to give to the Authority information or documents of a kind specified in the guideline. The guideline may only specify information or documents of a kind that the Authority reasonably requires for the exercise or performance of its functions.

3. The Authority hereby issues guidelines to specify the information required to be submitted in respect of monthly statistical returns of registered schemes. These guidelines also specify the means by which the monthly statistical returns should be submitted to the Authority.

EFFECTIVE DATE

4. These revised Guidelines (Version 7 – February 2016) shall become effective on 22 February 2016. The previous version of these Guidelines (Version 6 – December 2015) shall be superseded on that day.

MONTHLY STATISTICAL RETURN

Contents of the Monthly Statistical Return

5. The contents of the monthly statistical return of a registered scheme are set out in the Annex (FORM SS(MR)). The information to be provided should be in respect of the end of each month.

Submission of the Monthly Statistical Return

6. The approved trustee of a registered scheme is required to submit the monthly statistical return within 21 days after the end of each month either by electronic means (such as e-mail or diskettes) or in hard copies to:

Mandatory Provident Fund Schemes Authority

Explanatory notes for completion of monthly statistical return covering information on statistics related to a registered scheme

1. “Participating employees” refers to employees of employers participating in the Scheme.
2. “Employees who have newly participated in the Scheme in the Month” refers to those employees who have newly participated in the Scheme in the Month and whose participation remained in the Scheme as at the last day of the Month. For clarification sake, employees newly participated in the Scheme in the Month but subsequently ceased participation in the Scheme in the same month should not be included.
3. “Employees who have ceased participation in the Scheme in the Month” refers to those participating employees who have ceased participation in the Scheme in the Month. For clarification sake, employees who have newly participated in the Scheme in the Month but subsequently ceased participation in the Scheme in the same month should not be included.
4. “Special voluntary contribution” refers to voluntary contributions paid directly by a relevant employee to an approved trustee. Unlike normal voluntary contributions, these contributions are non-employment related, i.e. contributions do not go through the employer of the employee, and the withdrawal of accrued benefits is neither tied to employment nor subject to preservation requirements.
5. The special voluntary contribution accounts with zero balance as at the end of the Month should be excluded. A special voluntary contribution account holder who is also a participating employee in the Scheme should be reported under both Sections III(1) and V(1).
6. “Non-participating employees” refers to members who are not participating employees, self-employed persons or personal account holders in the Scheme.
7. Contributions should only be reported when the amount of contributions received has been verified and is ready for subscription of constituent fund units.
8. Benefits transferred into the Scheme should only be reported when the amount received has been verified and is ready for subscription of constituent fund units.

9. Special situations to note when preparing the monthly statistical return under Sections VII to IX:

Situation	Number of members	Benefits derived from mandatory contributions/voluntary contributions
(a) Transfer/payment related to subsequent recovery of outstanding contributions and/or surcharges, and /or contribution adjustments	No need to reflect	Need to reflect
(b) Transfer/payment of zero benefit amount	No need to reflect	
(c) Transfer related to MPF scheme merger	No need to reflect	
(d) Reversal of transfer/payment due to error	Need to reflect	
(e) Rectification of overpaid contributions	No need to reflect	Need to reflect

10. This refers to the number of employees in employer transfer-in cases. If the Trustee (a transferee trustee) receives the transferred-in benefits for the employees of an employer in different reporting months, please fill in the number of employees for whom the benefits received have been verified and are ready for subscription of constituent fund units in each of those reporting months.
11. This refers to the amount of benefits received for employees in employer transfer-in cases. If the Trustee (a transferee trustee) receives the transferred-in benefits for the employees of an employer in different reporting months, please fill in the amount of benefits of the employees that has been verified and is ready for subscription of constituent fund units in each of those reporting months.
12. “Transfer under new employer” covers the following scenarios: (a) a new business owner takes over the employees of another company; and (b) employees are transferred between group companies.
13. This refers to the number of transactions processed for members in individual member transfer-in cases. The Trustee (a transferee trustee) may receive the transferred-in benefits for a member from more than one MPF account for transfer into one MPF account of the member in the Scheme. Each transfer of benefits from one MPF account is counted as one transfer transaction. A transfer transaction should only be reported when the benefits received from an MPF account have been verified and are ready for subscription of constituent fund units. For instance, if the Trustee has verified the benefits received from three MPF accounts (i.e. three transfer transactions) and is ready to subscribe constituent fund units in a reporting month (whether through Form MPF(S)-P(M), Form MPF(S)-P(P), or Form MPF(S)-P(C)), the Trustee should report three counts in the field of “Number of members”.

14. The amount of minimum MPF benefits transferred from occupational retirement schemes should be categorized as benefits derived from mandatory contributions whilst the amount of benefits in excess of the minimum MPF benefits should be categorized as benefits derived from voluntary contributions.
15. This refers to the cases where the accrued benefits in an employee contribution account under the Scheme are automatically transferred to a personal account under the same scheme if the employee member concerned has not made any transfer election within 3 months after the Trustee is notified of the employee's cessation of employment.
16. Benefits transferred out of the Scheme should only be reported when the constituent fund units have been redeemed and the Trustee (a transferor trustee) is ready to transfer the funds to the transferee trustee.
17. This refers to the number of employees in employer transfer-out cases. If the Trustee (a transferor trustee) redeems the benefits of the employees of an employer in different reporting months for transfer out, please fill in the number of employees for whom the benefits have been redeemed and the Trustee is ready to transfer the funds to the transferee trustee in each of those reporting months.
18. This refers to the amount of benefits transferred for employees in employer transfer-out cases. If the Trustee (a transferor trustee) redeems the benefits of the employees of an employer in different reporting months for transfer out, please fill in the amount of benefits of the employees that has been redeemed and the Trustee is ready to transfer the funds to the transferee trustee in each of those reporting months.
19. This refers to the number of transactions processed for members in individual member transfer-out cases. The Trustee (a transferor trustee) may transfer out benefits for a member from more than one MPF account in the Scheme. The transfer of benefits from one MPF account is counted as one transfer transaction. A transfer transaction should only be reported when the constituent fund units in an MPF account have been redeemed and the Trustee is ready to transfer the funds to the transferee trustee. For instance, if the Trustee has redeemed the constituent fund units in two MPF accounts in the Scheme (i.e. two transfer transactions) and is ready to transfer the funds in a reporting month (whether through Form MPF(S)-P(M), Form MPF(S)-P(P), or Form MPF(S)-P(C)), the Trustee should report two counts in the field of "Number of members".
20. This refers to the cases where employees who have terminated employment and elected to transfer benefits to another scheme (part (A)(ii) of Section VIII - "Transfer to a different scheme"), or another account in the same scheme (part (B)(ii) of Section VIII - "Transfer to the same scheme").
21. Benefits paid should only be reported when the constituent fund units have been redeemed and the Trustee is ready to make payment to the claimants.
22. This item must be reconciled with the corresponding data item in subsections (1) and (2) of Section IV, as reported in the quarterly statistical return (Form S(QR) in Guidelines II.3) of the corresponding quarter.
