09/28/2014 08:57 PM

Dear Sir / Madam

With reference to the consultation paper of providing better investment solutions for MPF members, I find out an issue as below:

There are no staff of MPF providers to actively provide a MPF review in annual, even banks. They including banks and insurance companies only offer their MPF review, when they persuade me in phone to change my MPF portfolio to the MPF scheme they offer.

After my MPF portfolio have changed to their schemes, no any service for review followed up over a few years. Why do I have to still pay a MPF fee every year, but no service?

Therefore, I am pleased to suggest MPF providers should actively provide a MPF review in annual.

Thank you for your attention.

Yours faithfully
Virgo
